

SN 15 SL GB

SMALL WATER HEATER

PRODUCT-NO.: 227682

The SN small water heater is designed to supply one draw-off point and is mounted over the sink. The appliances can be adjusted variably between 35 °C and 85 °C, making water with a consistent temperature available at all times. The temperature limiter provides a constant and safe maximum water temperature. As an option, this can be limited to 38 °C, 45 °C, 55 °C or 65 °C. The highly effective thermal insulation used in the small water heaters minimises energy losses.
